Lotus unveiled the 2005 Elise to U.S. dealers this week in Birmingham, Alabama at the Barber Vintage Motorsports Park.

The Barber facility is a beautiful new track and museum complex a few hours from the Lotus headquarters in Georgia, and was a perfect venue to experience the new car.

We'd like to share some of the photos of the event, highlighting some of the new colors that will be available on the Elise, as well as more detailed shots of the car.

Suffice it to say, we're suitably impressed with the performance, build, and styling of the U.S. car and are looking forward to our first deliveries this summer.

Enjoy the photos.
